A Serip foi fundada há meio século atrás, em 1961. Com mais de 50 anos de experiência e na terceira geração, esta empresa familiar continua a colaborar com os mais talentosos artistas, cujo profundo conhecimento de trabalho artístico possibilita a realização dos projectos personalizados mais arrojados. A paixão da Serip pela iluminação e a procura da inovação no seu design demonstra um ponto de vista único na área de decoração contrastando com a massificação dos dias de hoje. Cada peça é concebida como uma escultura de iluminação e é criada e produzida manualmente em Lisboa (Portugal) originando um produto único e de qualidade irrepreensível. O trabalho de bronze manual e o vidro artístico da Serip compõem peças de arte deslumbrantes inspiradas na natureza. Únicas e refinadas adaptam-se perfeitamente em espaços exclusivos e luxuosos com ambientes clássicos ou modernos por todo o mundo. Numa sociedade focada cada vez mais na simetria, na normalidade e na monotonia a Serip valoriza o diferente, o ímpar, o único, o contraste, The Black & White!

EN

Serip was founded half century ago, in 1961. Now with more than 50 years of experience and in the third generation, the family-owned company continues the tradition of developing inspirational lighting produced by the hand of the finest artisans, whose acute knowledge of fine craftsmanship allows the possibility of realizing the boldest custom projects. Every piece is conceived as a lighting sculpture and is created and handmade at the Lisbon-based workshop in Portugal, resulting in a one of a kind product of uncompromising quality. Serip’s passion for lighting and search for design innovation provides a unique point of view in today’s massified decoration market. Using precious handcrafted bronze and hand blown artistic glass, the light fixtures are appreciated for their glamour and form. Often described as ‘nature-inspired works of art’, unique and refined they fit seamlessly into luxury and exclusive spaces across the world whether it be classic or modern ambiances. In a world focused more than ever in symmetry, standard and monotony Serip values the different, the uneven, the unique, the contrast, The Black & White!

FR

Serip a été fondé il y a un demi-siècle, en 1961. Aujourd'hui avec plus de cinquante années d'expérience et l'arrivée de la troisième génération à la tête de Serip, la société familiale poursuit la tradition de développer des luminaires organiques d'exception fabriqués de manière artisanale. Le savoir faire de nos artisans nous permet de réaliser des œuvres sur mesure pour des projets les plus audacieux. Chaque pièce est conçue avec nos plus grands soins comme une sculpture lumineuse dans nos ateliers de Lisbonne au Portugal apportant ainsi un gage de très grande qualité à nos clients. La passion de Serip pour les luminaires et la recherche dans le design et l'innovation, nous permettent de nous démarquer et de nous distinguer aujourd'hui dans le marché mondial de la décoration. L'utilisation de bronze travaillé manuellement et de pâte de verre soufflé sous divers formes artistiques donnent à nos luminaires un esprit glamour et des formes originales. Souvent décrits comme des « œuvres d'art inspirées par la nature » uniques dans leur raffinement, nos luminaires s'adaptent parfaitement à tous les intérieurs exclusifs et luxueux dans des ambiances aussi bien modernes que classiques. Dans un monde qui se focalise de plus en plus dans une décoration symétrique, monotone et standardisée, Serip se différencie par son exclusivité, son raffinement, et son contraste, The Black & White!

Serip был основан более половины столетия назад в 1961 году. В настоящее время, по прошествии более 50-ти лет, третье поколение владельцев компании продолжает традиции развития производства интерьерного света, создаваемого вдохновением и руками мастеров, чьи навыки и знания позволяют реализовывать самые изысканные проекты заказчиков. Каждый новый светильник является произведением искусства, воплощенным в жизнь усилиями и творчеством работников предприятия, расположенного в пригороде Лиссабона, в Португалии и являет собой образец бескомпромиссного качества. Страсть и постоянные поиски инновационного дизайна делают продукцию Serip уникальной на рынке производителей декоративного света. Используя неповторимое литье, декоративное стекло ручной работы, изделия приобретают дополнительную ценность своим гламуром и формой. Уникальные и утонченные, вдохновленные природой они украшают лучшие эксклюзивные и роскошные интерьеры от современного до классического стилей. В монотонном мире симметрии и стандартизации Serip отдает предпочтение оригинальности, уникальности и контрастности, The Black & White!

Serip成立于1961年,至今已有半个世纪。我们拥有超过50年的灯饰设计和制造经验,发展至家族传承的第三代。纯手工打造的精细传统工艺让我们实现工程上很多大胆的创意。每件作品都灯饰的雕塑品,在葡萄牙里斯本的传统作坊由经验丰富的灯饰雕塑家手工制作完成,同时也是高质量的艺术品。Serip对灯饰的热情和对创新的不断追求成就了我们在当今饰品市场独特的地位。珍贵的手工打造青铜和手工垂直玻璃使得作品拥有流畅和时尚的造型。Serip是灵感来自大自然的艺术品,独一无二,能够搭配奢华的各个空间,无论是现代或者古典。在这个强调对称的单调的世界里,Serip独树一帜,引领不对称和强对比的潮流,这就是黑和白。

Ilda Pires

Born in Lisbon in 1959 Ilda is the main designer of Serip. She is responsible for the creation of the organic style that defines Serip. With more than 30 years of experience creating lighting she tends to brake the rules of the conventional. David Garcia

Born in Barcelona in 1978 David belongs to the technical and project department of Serip. He has a long experience designing and producing modern lighting, which creates an interesting balance between the classic and contemporaneous creations of Serip. David has an amazing sense for compositional order and he is focused on detail. He is responsible for the integration of the newest lighting systems in the Serip lighting sculptures.

Miguel Ângelo

Born in Lisbon in 1984 Miguel completed his studies in IADE where he graduated in Industrial Design. He is in charge of the project department of Serip and works constantly in the customization of each Serip lighting. Miguel mainly takes inspiration from natural and asymmetrical shapes. His interest for conceptual design allows each Serip installation to become unique and exclusive.

BLACK&WHITE moments

...yin and yang, are concepts used to describe how apparently opposite or contrary forces are actually complementary, interconnected and interdependent in the natural world, and how they give rise to each other as they interrelate to one another. Many tangible dualities (such as light and dark, hot and cold, fire and water, life and death, male and female, sun and moon, BLACK&WHITE and so on are thought of as physical manifestations of this dualism...

Think quietly, think loudly . Think positively, think +/- . Think stylish, think kitsch . Think of tomorrow, think it's too late
to go . Think, re-think and shark dive in the bahamas, think and just go for it . Think that" is better safe than sorry", think
about Kissing someone in Veneze . Think about sending a message in a bottle to know where, think to call to your lover
. Think twice and bungee jump in New Zealand, think about what you accomplished so far . Think in a trivial way, think
about a 4 month trip around the world . Think about Staying out all night dancing, think what is the best for you . Think
with no regrets, think about riding the Trans-Siberian Express across Asia .
