# FRANCESCA LANZAVECCHIA

Francesca Lanzavecchia incarna un approccio al design audace, eclettico, anticonvenzionale ed empatico. Per lei, essere designer significa essere al tempo ricercatori, ingegneri, artigiani e narratori, creando così progetti che narrano storie di vita e che si distinguono per la loro profonda empatia e originalità.

Francesca Lanzavecchia embodies an intuitive approach to design: bold, eclectic, unconventional, and empathetic. For her, being a designer means being researcher, engineer, artisan, and storytellers all at once, creating projects that narrate life stories and stand out for their deep empathy and originality.

Un intricato gioco di connessioni, abilmente risolto con precisione tecnica. Come perle preziose, sospese con delicatezza lungo una catena di luce, la loro trasparenza tenuemente luminosa e le sfumature variegate delle finiture si fondono armoniosamente, creando un meraviglioso prisma di effetti ottici.

An intricate network of connections, adeptly resolved with technical precision. Like precious pearls delicately suspended along a chain of light, their faintly luminous transparency and the varied nuances of the finishes blend harmoniously, creating a marvelous prism of optical effects.

# CARLO COLOMBO

La dedizione alla purezza delle forme, all'eleganza e alla materia - questa è la poetica di Carlo Colombo. Come spesso accade con le menti più brillanti, il suo racconto è semplice: è un costruttore di sogni per l'abitare, il lavoro e lo svago. Il suo racconto è discreto, talvolta persino timido, mai gridato, ma sempre deciso, attentamente concepito e realizzato con cura.

The dedication to the purity of forms, elegance, and material - this is the poetry of Carlo Colombo. As often happens with the brightest minds, his narrative is simple: he is a dream builder for living, working, and leisure. His narrative is discreet, sometimes even timid, never shouted, but always determined, carefully conceived, and executed with care.
